

GAZA - Stop the Genocide Permanent Ceasefire Now!

Crimes Against Humanity

The highest court in the world, the ICC, has issued warrants of arrest for Mr Benjamin Netanyahu (Israeli PM) and Mr Yoav Gallant (former defence minister) for war crimes and crimes against humanity. They stand accused of using starvation as a method of warfare against the civilian population in Gaza, of wilfully causing great suffering (by withholding medicine, fuel), of extermination and/or murder and persecution.

The mass killing and starvation of targeted people is a crime against humanity and must be stopped.

An Illegal War

The International Court of Justice (ICJ) ruling in July 2024 declared Israel's occupation of Palestine unlawful, and its discriminatory laws and policies against Palestinians violate the prohibition on racial segregation and apartheid. The ICJ demands that Israel withdraw immediately, dismantle settlements and pay reparations to the Palestinian people.

We call for an immediate and enduring ceasefire to halt the violence and protect civilians.

International Humanitarian Law (IHL)

We demand full adherence by all parties to their obligations under IHL, ensuring the protection of civilians and critical infrastructure. All must have access to essentials such as food, water, shelter, hygiene, health assistance and safety.
