

STOP TRUMP'S PLAN FOR ETHNIC CLEANSING

The grotesque statements by US President Donald Trump – that the US will ‘take over’ the Gaza Strip and forcibly remove the Palestinian population of more than 2 million – have exposed a long-standing Israeli plan for ethnic cleansing.

Gaza is a land with a people.

Gaza is not for sale

Israel's true aim of the genocidal assault on Gaza is now explicit. It means the destruction of the Palestinians and a denial of their rights including the right to self-determination. The USA is backing them for its own imperial interests.

Trump's plan threatens the ceasefire in Gaza. Israel has not stopped the killing. Since the ceasefire began Israel has attacked the West Bank and killed over 70 Palestinians. Now Israel and Trump are hinting that they will re-start a full-scale war again in Gaza.

Gaza is not a real estate project.

Israel's genocide in Gaza has killed over 60,000.

History did not start on October 7th. The genocide is the extension of a long project of colonisation, military occupation and apartheid against the Palestinians. It is the direct outcome of a system in which Palestinian people are treated as less than human.

- Write to your MP and urge them to call on the UK Government to stand up to Trump and to stop arms sales to Israel.
- If you can join the National Demonstration in London on 15th February to the US Embassy.

Send a clear message to the British government and to Trump – **freedom for Palestine, no to ethnic cleansing, stop arming Israel.**
