Israel stands accused of a series of acts amounting to genocide against more than two million human beings in Gaza.

The official death toll of just under 60,000 has been based upon the bodies recovered from rubble. 80% of Palestinians killed are civilian. A study by UN Human Rights found that 70% of the Palestinians killed were women and children with thousands more buried under the rubble.

The United Nations World Food Programme (WFP) has stated that Gaza is now in the grips of a full-blown famine which the Israeli State has orchestrated. Famine and lack of water is joined by infection and disease, including polio.

More than 56,000 bodies (20,000+ of them children) offer proof of genocide by the Israeli Defence Force. Hundreds of thousands more are buried under the rubble. Since Oct 2023, Israel has been forcing Gazans to flee from place to place without offering them genuine assurances of safety, proper accommodation, medical aid, food or water. Now they are being shot at Israeli organised food distribution sites.

Systematic attacks by Zionist settlers protected by IDF troops are continuing in the West Bank, particularly targeting refugee camps. Palestinians are facing forced evictions, bulldozers are destroying critical infrastructure, including roads, sewage, water and energy systems.

The International Court of Justice (ICJ) ruling in July 2024 declared Israel's occupation of Palestinian land in the West Bank, Gaza and East Jerusalem as unlawful, and its discriminatory laws and policies against Palestinians violate the prohibition on racial segregation and apartheid. The ICJ demands that Israel withdraw immediately, dismantle settlements and pay reparations to the Palestinian people.

**The continued annihilation of an entire people is a crime against humanity and must be stopped. The bombing and shooting of unarmed civilians, enforced starvation and ethnic cleansing is being supported by the UK Government.**

**Expose the Lies - stop all support for Israel!**

*Every town and city has been holding boycott campaigns and protests. Join Plymouth PSC in the regular national demonstrations in London, and in protest every Saturday 12 noon in Plymouth City Centre.*
