## Plymouth University must break all links with Israel

Plymouth University has financial and business links with the Israel Institute of Technology (Technion), responsible for the drone technology used by the Israeli military in conducting genocide and ethnic cleansing in Gaza. We demand this ends immediately, with a permanent ceasefire and freedom for Palestine!

Israel's military is now bombing Rafah, the southern-most refuge where more than 1 million civilians are sheltering from the destruction of the rest of Gaza, unable to escape. All universities in Gaza have been destroyed. Universities in the UK must not benefit from the killing of students in Gaza.

# Apartheid Off Campus!

**Solidarity with the  
Encampments!**

Many British universities, including Plymouth, are deeply complicit in Israel's current bombardment of the Palestinian people, its ongoing occupation and apartheid, through:

- 1) Investments in companies complicit in the oppression of Palestine
  - 2) Institutional ties with complicit institutions and companies
- Join the campaign for British universities to kick apartheid off campus. Find us on *Instagram* and *Twitter* and at:

Students and lecturers across the USA, Britain and Europe are camping on campuses to demand Universities stop funding the Israeli Apartheid State.

*Every town and city should stand in support, and build the protests here. We currently rally and leaflet every Saturday at the Place de Brest, Armada Way (outside Barclays) at 12 midday. - please join us.*

**Plymouth Palestine Solidarity Campaign** is building the action - for more information, find us on *Facebook* and at [plymouthpsc.org.uk](http://plymouthpsc.org.uk)
