

End the Genocide in Gaza! Peace in Palestine!

The extermination of the Palestinians in Gaza is a crime against humanity and must be stopped. Starvation as a weapon is not just a moral outrage but a war crime that demands urgent international intervention.

The so-called "Gaza Humanitarian Foundation" is weaponised to kill and deepen the suffering of Palestinians. Between 27-May and 21-July, Israeli forces killed 1,054 Palestinians in Gaza while they were trying to access food, the UN Human Rights Office reported w/c 21-July.

Israel's blockade of Gaza denies humanitarian agencies access, trucks full of aid sit at the border. Food, fuel, medical supplies & infant formula are withheld.

The landmark International Court of Justice ruling on 19 July 2024 declared that Israel's occupation of the Gaza strip and the West Bank, including East Jerusalem, is unlawful, along with the associated settlement regime, annexation and use of natural resources. The Court added that Israel's legislation and measures violate the international prohibition on racial segregation and apartheid. The ICJ mandated Israel to end its occupation, dismantle its settlements, provide full reparations to Palestinians. Despite this on 24-July-2025 Israel's parliament approved a symbolic measure calling for the annexation of the occupied West Bank.

Up to the end of July in its unrelenting war on Gaza, Israel has killed over 59,000 and injured at least 143,000 and left Gaza uninhabitable. Palestinians are left with nothing, society has been destroyed.

UK Complicity in Genocide

The UK is arming Israel: exporting parts for the F-35, drone engines etc. & continues to send spy planes over Gaza providing surveillance information to the Israeli Defence Force (IDF). Starmer's Labour government continues to provide arms to Israel in clear defiance of its own export guidelines. The UK are also training Israeli troops.

What you can do: Demand that our government act now, impose an arms embargo, apply sanctions on Israel. Advocate for justice, keep informed of what is going on, donate if you are able, sign petitions, continue writing to your MP and government ministers. Above all have hope and raise your voice in support of the Palestinians.
